Step 1 Create a user account

1. Go to www.lili.org and select First Time Users
2. Verify you are an Idaho resident by entering username: lili and password: idaho
3. Choose your home library (example: select Public Library, then the library closest to your home)
4. Click Setup a NetLibrary User Account and complete the form

Step 2 Find a Book

Browse for a title by clicking on eAudiobook Center or use the search box to search for a title or author.

Step 3 Check out an eaudiobook

1. From the search results, click Download this Audiobook
2. Select CD Quality if you plan to transfer the book to a portable media player
3. SAVE the audiobook to your computer
4. When complete, open the file with Windows Media Player to acquire the digital license to play the book

Step 4 Listen to a book

Listen on your computer using Windows Media Player, or transfer the book to your portable media device (mp3 player) using Windows Media Player or the software that came with your device.
